Education

The Pennsylvania State University, University Park, PA

B.S. in Computer Science   GPA: 3.16/4.00

Anticipated Graduation: December 2015

Work Experience

Technical Consultant

Karat   January 2015-Present

- Act as a standardized candidate in mock interviews, testing out and reviewing new and existing interviewers in the Karat Network
- Advise Karat on its interview assessment strategy and approach, including making suggestions to improve the standardized candidate testing process

Software Engineer Intern

Rockwell Automation, Mayfield Heights, OH   May 2014-August 2014

- Worked as a developer on a 12 person scrum feature team
- Added functionality to allow floating point controls with exponential precision
- Implemented a banner on different profiles that was populated with text from an XML file that I designed

Software Engineer Co-Op

Rockwell Automation, Mayfield Heights, OH   January 2013-August 2013

- Collaborated with other interns to develop a Rube Goldberg career fair demo box
- Created a program in C# with .NET framework designed to access, sort, and write information from MSI databases to a CSV file
- Participated on a project team to create a new classic profile for a Studio 5000 Logix Designer module in Visual Studio MFC

Software

PHP	C++	HTML	Objective C	C# with .NET
SQL	Git	PostGreSQL	ClearCase	MFC with Visual Studio
